Beam: 19ft / 2.99m  
Draft: 3ft / 1.0m  
Engines: 2 x 260hp  
Volvo Penta D-4

In 2006 Echo of Ibiza was purchased following much research into the perfect day boat for Ibiza! She is a very good looking craft and has very high standards of finish. The use of space for a boat of this length is fantastic. There are two great sunbathing areas as well as a cosy seating area around a table. With ipod ready Alpine stereo and large fridge and ice box in place Echo is ready to give you a great day out.

The owner keeps the boat in immaculate condition and is very service oriented. We have a great record of delivering a top class product coupled with good local knowledge to add that little extra to your day.
